10 TRAINED PREACHERS GRADUATE IN SANTARIEA:

Ten selected men from the water well areas (standing) have completed their studies at the Preacher Training School in Santariera, Sidami. The four instructors at the school are kneeling in front. Several evangelists living in the areas will work with all the graduates as new churches will be established. Some of the water well sites already have congregations in place. The future looks very good for the growth of the church all over the region. Another training school is planned after the rainy season

ends. Coffee is being harvested currently, and all the farmers have coffee trees on their small farms. The new school should begin in September or early October. The Sunset International Bible Institute in Lubbock, Texas has been involved in this great ministry. We extend to them and to all of you who support the Lord's work in Ethiopia our sincere appreciation. God is blessing this work!

WATER WELL DRILLING CONTINUES:

The Water Bureau has requested that we drill wells at schools in the assigned areas. There is a lot of excitement as the equipment is mobilized. It is a blessing for the schools and the people living around the schools to have this pure clean water for their families

and for the hundreds of students who attend the schools. Our drilling crew has been determined to finish the 60 well agreement even with the difficulties of the rain. It is raining some every day everywhere in southern Ethiopia. The crew was using the new rig but with the rain and mud the old rig is a better choice because it isn't as top heavy should the rig slide down a hill. There are no words to describe the importance of clean drinking water. Most rural areas of Ethiopia do not have electricity and that makes life difficult. But when there is no good water to drink, people get sick and often die. This ministry is a blessing from God!

ADDIS ABABA BIBLE INSTITUTE TEACHERS AND STUDENTS:

The students at the Addis Ababa Bible Institute with their teachers. Don Delukie completed his teaching, and they gathered with the others for a picture. Seated left to right are Jean and Don Delukie, Behailu, Deborah and Jim Wilson. Two other teachers are also in the picture. On the right is Abebe Hailemichael and fourth from the left is Moges Wolde. They are gathered in the AABTI

cafeteria building. This is another great ministry in the Ethiopia Gospel Outreach.

MANY ARE BEING ADDED TO THE SAVED ACTS 2:47:

Many are being baptized and added to the Body of Christ. On the left, a young lady in Addis Ababa responded to the gospel message. She had been a student of the World Bible School studies and first studied with Behailu. Because she speaks the Oromo language, Abebe Halie Michael completed the study as Abebe speaks her language. In the center, a soon to be mother is baptized in a river in Hosana with the help of two gospel preachers. On the right, twenty-two came to be baptized in an eastern area of South Sudan. Their teacher had used the lessons that Brother Behailu broadcasts on the WhatsApp African Forum every day. Here is a post sent from a minister in South Sudan, **“Brother Behailu, I am so appreciative of the encouraging messages you are giving freely to us. We can't take this for granted. You are investing a lot of energy and research to give us this spiritual food.”** Behailu's broadcasts go into many of the countries in Africa, Europe, Australia and we listen to them here in the U.S. It is a great ministry using today's technology that was only a “dream” a few years ago!! And it is free to use!!

NEW BIBLES BEING PURCHASED WHILE THEY ARE AVAILABLE:

Last month we placed an order for 6250 bibles. We received 2500 and 3750 were placed on back order. These bibles will be given to people living in the areas where water wells have been completed and in new congregations that are established.

On the left you can see the cases of bibles as they were brought to our storage building in Addis Ababa. On the right Brother Habtu is shown at a well where bibles are being distributed. The good wells and the new bibles provide a great blessing for the people and their hearts are open to study with our evangelists.

Thank you all for your interest, prayers and support. Kevin and John Ed Clark
